Subject: FW: Chlorpyrifos Congressional Call

I think the only Q&A that we may want to prepare is the new science, existing stock, and Section 18 question. Open to your views about any of the others.

Subject: Chlorpyrifos Congressional Call

Thanks for the hill call on chlorpyrifos today. We had about 25 staffers (pretty good for August recess) representing House and Senate Ag, Senate EPW, House E&C, and interested members. Questions included:

-

-

-

-

-

-

-

Ex. 5 Deliberative Process (DP)

At this point, additional answers are not necessary. If you feel that there was key additional information that we should share with a particular questioner, please send along the information and we'll forward it. If we get any followup questions, we'll pass them along for response. I'm checking with Senate Ag minority staff to see if they want a written response to the questions posed earlier today and that were repeated during the call.

Thanks again,
Sven
